

# **SMART STEEL EPOXY PUTTY**

EASY TO USE • HARDENS IN MINUTES • THOUSANDS OF USES

**Smart Steel Epoxy Putty** is an easy to use, no mess, non-toxic instant repair system.

Made from steel-reinforced polymer, **Smart Steel Epoxy Putty** provides industrial strength adhesion to a wide range of metal surfaces. It also provides good adhesion on other materials such as wood, stone, concrete, glass, ceramics and rigid plastics.

Once **Smart Steel Epoxy Putty** completely cures, it can be sanded, filed, drilled, machine and painted.

Ideal for industry or home use. Great for fixing radiators, tanks, gaskets, leaks, tools and equipment, broken pipes, general maintenance.
